Dear members of the County Commission,

Thank you for giving me the chance to work for the betterment of Isabella County as a human Rights Committee member. As chair of the law enforcement sub committee, I felt I helped make Isabella County a better place. We should thank our local law enforcement for all they do to for community-police relations. I charged myself to ridding the tensions between the community and the police department. I made a lot of advances in this area. I'm hoping the positive changes in attitude towards the police are not temporary but permanent.

However, the law enforcement subcommittee has been dissolved as well as the disability subcommittee. I really have no interest in other works of the Human Rights Committee. So, I have chosen to resign.

I would like to give some advice. I know you didn't ask. With David gone, the HRC needs a great amount of oversight. And it would be in the best interest of the community if the County Commissioners chose the members of the Human Rights Committee members without input from the HRC. I'm sorry. I know unsolicited advice should not be given, but I still feel the need to look out for the county I love.

Again, thank you for the chance to be on a County committee.
