RE: LAKE ISABELLA DRAW DOWN NOTIFICATION

To Whom It May Concern:

As part of Lake Isabella's drawdown permit requirements, we are required to notify respective utility companies in the area that we will be lowering the lake level by six feet. We will start lowering the lake to the winter water level on or about October 15, 2016. The lake will be lowered to 889' above mean sea level from the established level of 895'. Permit #11-37-0018-P.

Should you have any interest in this activity, please contact our office at 989-644-3326 or visit our website [lipoa.org](http://lipoa.org) for further information.

Thank you,

George King  
Operations Manager LIPOA
