

## Basic Disc Golf Terminology

**Tee Pad** - The location or designated area in which the first throw of the golf hole is suppose to take place from. Tee Pads are typically made of concrete or rubber.

**The Basket** - Once a disc comes to rest in the trapper basket, the hole is considered complete.

**Throw** - The act of advancing the disc towards the basket. This can be accomplished by many different throwing styles; Backhand, Forehand, Rollers. Each throw is counted towards the player's score.

**Lie** - The spot where the disc comes to rest. This often makerd by a mini-disc marker.

**Par** - Like in ball golf, each disc golf hole has a posted par. The par is the desired number of strokes that a player would need to complete the hole.

**Drive** - Any throw off the tee pad, or a throw from the fairway designed for maximum distance.

**Approach** - Usually the second shot of a hole, designed to place the disc within putting distance.

**Putt** - The final throw(s) of the hole aimed at the getting your disc to come to rest in the trapper basket. Any throw within the circle (10 meter radius).

Deerfield Nature Park is located 6.5 miles west of Mt. Pleasant on Remus Road

## Deerfield Disc Golf Course

Was made possible by Central Michigan University Student Jordan Bruursema, along with volunteers from the Mount Pleasant Disc Golf Club. Over 200 volunteer hours were put in to get the course up and running by July 4, 2009! The course was funded through donations from local businesses and individuals. Isabella County Parks and Recreation employees along with the volunteers worked together to build this premier disc golf course in Michigan.

## Wildwood Disc Golf Course

Designed by John "Nacho" Norkowski, Craig Clingan, and Members of the Mount Pleasant Disc Golf Club. Wildwood offers 18 holes that intertwine with the original Deerfield Course. This course offers elevation changes, elevated tees and a water crossing. Discraft Chainstar baskets were placed June 30, 2013.
