

Isabella County Central Dispatch

*****PRESS RELEASE*****

February 16, 2013

Isabella County Central Dispatch assisted the Isabella County Sheriff's Department with a missing person's incident. Isabella County Central Dispatch assisted by activating the new "CodeRed Emergency Notification System."

Using the CodeRed system, Isabella County Central Dispatch was able to notify approximately 5000 Isabella County citizens in less than 20 minutes. This is the first activation of the CodeRed system since its purchase by Isabella County.

For additional information on the new "CodeRed Emergency Alert" system or to sign up for this service, please visit the Isabella County website at www.isabellacounty.org and look for the "Sign up for CodeRed alerts in Isabella County" link on the right hand side of your screen.

Director
Isabella County Central Dispatch and Emergency Management

PUBLIC SERVICE ANNOUNCEMENT

Isabella County Emergency Management is pleased to announce that CodeRED an emergency notification system is now available in our community. Once registered for CodeRED, you will receive messages alerting you to evacuation notices, missing children, weather alerts, and other emergency situations. To register your phone numbers and/or email for the CodeRED system go to www.isabellacounty.org and click on the CodeRED button. CodeRED will only use your phone numbers for emergency notification. Register today to make sure you get the call!

MAKE SURE YOU GET THE CALL.
