### APPLICATION FEES FOR UTILITY GRID WIND ENERGY CONSERVATION SYSTEMS

- A. **Application Fee for special use permit and site plan review for Utility Grid WECS; or for an onsite WECS over 66 feet in height:** \$30,000 per project for Utility Grid WECS; \$1,000 per WECS for on-site WECS over 66 feet in height: application fee shall be nonrefundable.
- B. **Escrow fee for special use permit and site plan review for Utility Grid WECS; or for an onsite WECS over 66 feet in height:** In addition to the application fee, the applicant shall be required to pay an escrow fee established by Resolution of the County Board of Commissioners for each application, in an amount estimated to cover all costs and expenses associated with the special use permit review and approval and the site plan review process, which costs may include, but are not limited to, attorney fees, third party administration fees and engineering fees, as well as costs for any reports or studies that the County may require that are reasonably related to the zoning review process for a particular application. At any point during the zoning review process, the County may require that the applicant place additional monies into escrow with the County if the existing escrow amount filed by the applicant is insufficient to cover the costs and expenses incurred by the County. If the escrow account needs replenishing and the applicant refuses to do so promptly, all zoning review and approval processes shall cease until and unless the applicant makes the required escrow deposit. Any unused portion of the escrow fee shall be returned to the applicant within 60 days of final completion of the project.
- C. **Escrow fee for ordinance violation review and compliance for Utility Grid WECS:** In addition to the application fee and the site plan review escrow fee required in Subsection B, the applicant shall also be required to pay an escrow fee established by Resolution of the County Board of Commissioners for each application in an amount estimated to cover all costs and expenses associated with monitoring and enforcing compliance with the ordinance for the life of the project, which costs may include, but are not limited to, court costs, attorney fees, and the costs for any necessary reports or studies that are reasonably incurred for a particular project. If the County is required to expend any portion of the escrow deposit, or if the existing escrow amount paid by the applicant proves to be insufficient to cover the County's enforcement costs, the County may require that the WECS owner place additional monies into escrow with the County. Any unused portion of this escrow fee shall be returned to the applicant upon final decommissioning of the project.
